## Series 3 and 7-Top Rooftent Features

Our most popular tent now with many *improved* features.

Windows and flysheets are held up by spring steel rods.

Two handy elongated internal pockets.

Bigger windows with internal privacy flymesh that can be zipped open.

Velcro on bottom flap seals off tent completely against insects.

Elastic internal bungy systems helps in closing the tent.

Aluminium rods keep the flysheet away from the tent for better ventilation. Plastic clips allows flysheet to be easily removed.

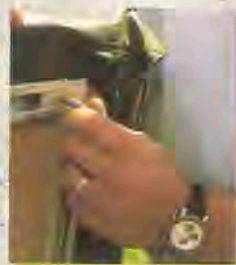

Built-in air-vents allows extra ventilation.

Stainless steel inserts add strengthening for flysheet and canopy spring steel support rods.

Double stitching throughout increases durability.

### D.I.Y. installation kit

Eezi-Awn's Rooftents are supplied complete with a D.I.Y. installation kit which simplifies the fitting of the roof tents to roof racks and loadbars.

3

## Globe Trotter Trailer Tent

Manufactured of heavy duty ripstop canvas double stitched throughout and stretched onto powder coated steel bows which are fixed to an imported polyurethane coated plyboard with anodised aluminium hardware and stainless steel hinges. Unique in design - step up into the bedroom section from inside the tent.

### Features include:

- A bag awning (attached to the front profile of the trailer tent) which extends 1500mm.
- A South African Bureau of Standards approved (85mm) thick high density fabric covered mattress.
- Suspended flysheet of lightweight reinforced PVC.
- A zip-up window along the full length of the tent with sewn in flymesh and privacy panel.
- Side windows and zip-up privacy panels with sewn in mosquito nets.
- Unique internal bungy mechanism to aid opening and closing of rooftop.
- Two elongated internal storage pockets.
- Large clip on Add-A-Room manufactured of heavy duty ripstop fabric includes a rear panel and groundsheet, with a full opening weather proof window and mosquito net to door opening. The Add-A-Room and groundsheet comes complete in a sturdy canvas storage bag.

## *Three Eezi ways to fit Rooftents without roofracks*

Load bars.

Gutterless assembly.

Load bars clamp onto existing bars of vehicle.

# *The first name in Rooftents and retractable Awnings - the last word quality*

There are good reasons why Eezi-Awn is one of the largest manufacturers of RECVEE Equipment. Since its inception 26 years ago the name Eezi-Awn has long been synonymous with quality, from rooftop tents and retractable awnings, Eezi-Awn's dedication to exceptional service is evident in all the equipment we produce, sell locally and export to many countries around the world. Eezi-Awn is beyond comparison.

Remember that long after the sweetness of price is gone Quality prevails.

## *Eezi-awn Very Simply The Very Best*

Eezi-Awn reserves the right to modify their equipment at their own discretion.
