MITSUBISHI TRITON MQ TJM OUTBACK BULL BAR

The TJM Outback bull bar is available now for your Mitsubishi MQ Triton. Our TJM engineers spend countless hours perfecting the Outback design to ensure you're equipped with one of the finest bull bars available in the market. TJM bull bars are put through a comprehensive design criteria and testing process to ensure that all TJM bars are air bag compatible and ADR compliant.

Features

- › NEW 63mm^Ø tubing
- › Steel construction
- › Innovative styling to not only complement the Triton's unique design but to ensure optimal powertrain performance and cooling characteristics in extreme conditions
- › Patented winch frame to bar mounting system rated to 9,500lb winch loading (TJM recommends fitment up to TJM Torq 9,500lb cable and synthetic winches)
- › Wing underguards and centre guard
- › Full cato straps, uniquely styled to the vehicle for incredible strength and damage deflection
- › Designed for maximum approach angle
- › 8000kg rated recovery points as standard
- › Integrated LED fog lights (fog lights, wiring harness & switches included)
- › Flush steel mounted LED combination lights with tough polycarbonate lenses
- › Reinforced recovery jack points (suits the TJM recovery jack)
- › Accommodates large driving lights (up to Britax Xray Vision 220 series)
- › Provision for fitment of dual aerials
- › Airbag compatible and ADR compliant
- › Does not void your new vehicle warranty

Note: TJM bull bars are supplied in a hard wearing black powder coat. Colour coding is an optional extra sourced through your local TJM distributor. Britax driving lights, winch and aerial not included.
